BOÎTE

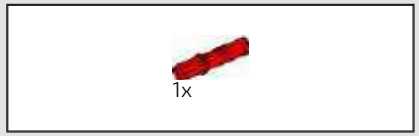

THE SPEAR
LA LIGNE SPEAR

As you build the sides of the model and part of the door mechanisms, the trademark spear line accentuating the car's profile begins to take shape.

Au fur et à mesure que vous construisez les côtés du modèle et une partie des mécanismes des portes, la ligne Spear, marque de fabrique de la voiture, commence à prendre forme.

DOORS & FRONT LIGHTS

PORTES ET PHARES AVANT

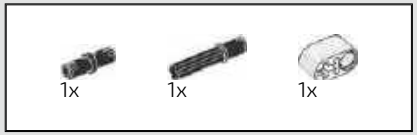

The dihedral synchro-helix actuation doors mimic the real-life versions that are linked to the hydraulic system. Each can open separately or when activated by the Ghost-mode function.

Les portes à actionnement synchro-hélicoïdal en dièdre imitent les versions réelles qui sont reliées au système hydraulique. Chacune peut s'ouvrir séparément ou lorsqu'elle est activée par la fonction Mode fantôme.

REAR CLAM & SPOILER WING

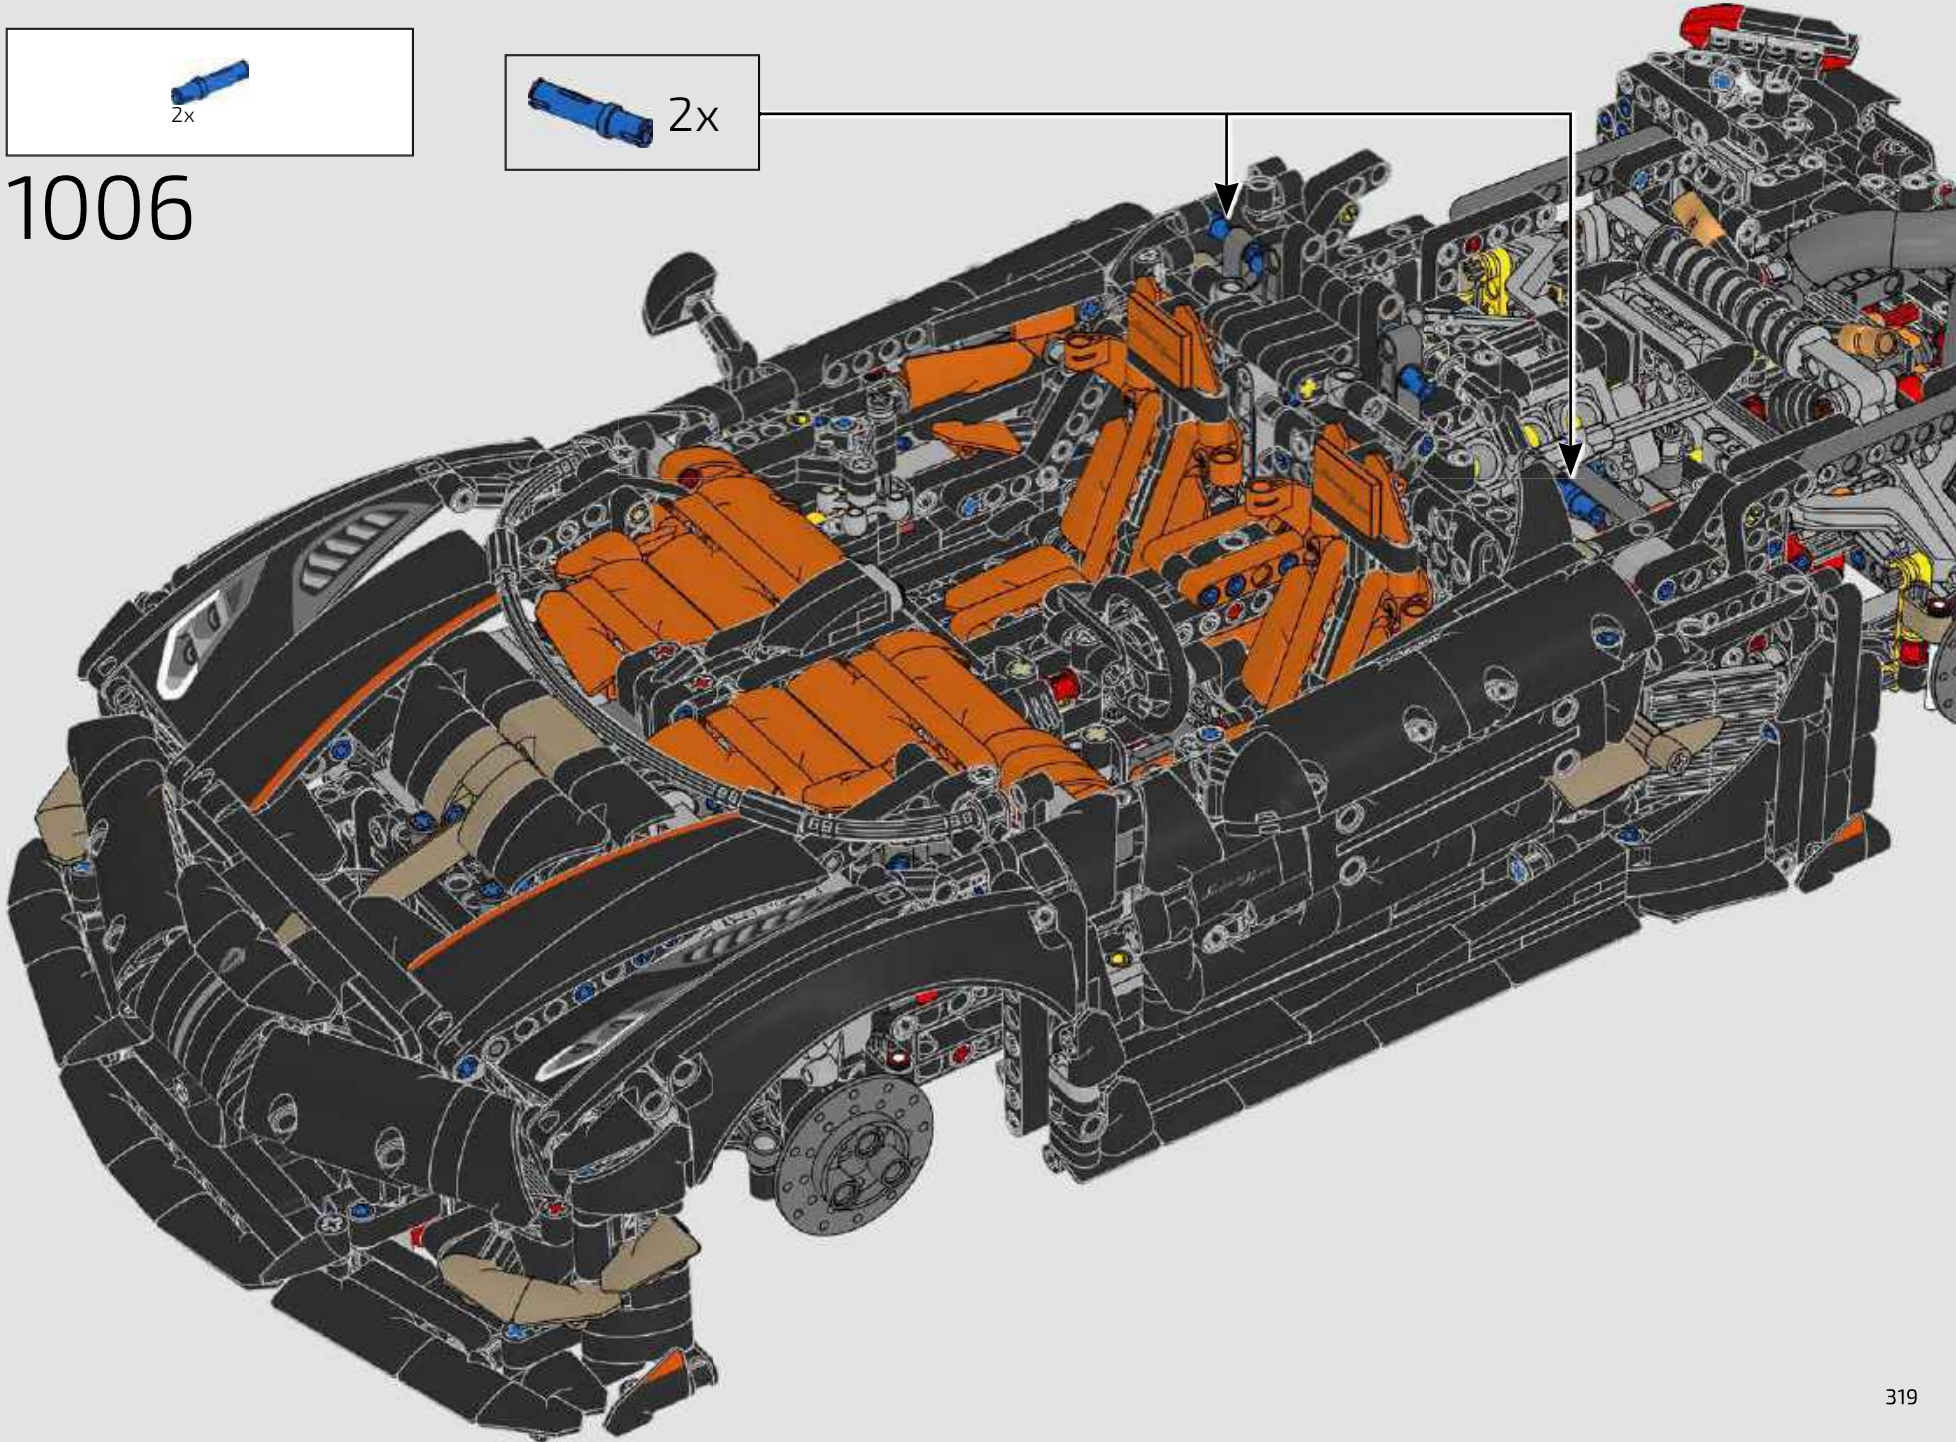

COQUE ARRIÈRE ET AILERON

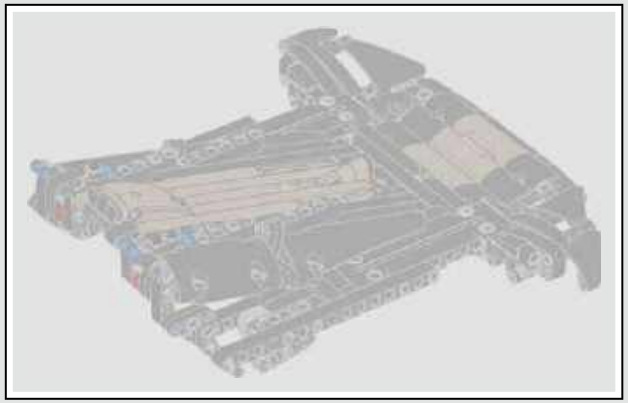

When you build (and later open) the rear clam on the model, it activates the Ghost-mode function in the doors and front hood. The spoiler wing on the model can be angled to different angles.

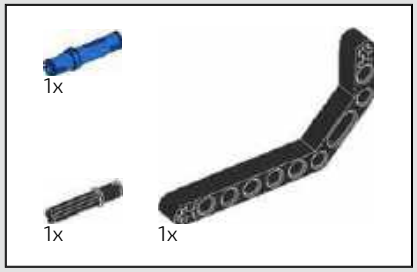

Lorsque vous construisez (et ouvrez ensuite) la coque arrière du modèle, cela active la fonction Mode fantôme dans les portes et le capot avant. L'aileron du modèle peut être incliné à différents angles.

NEW RIM DESIGN

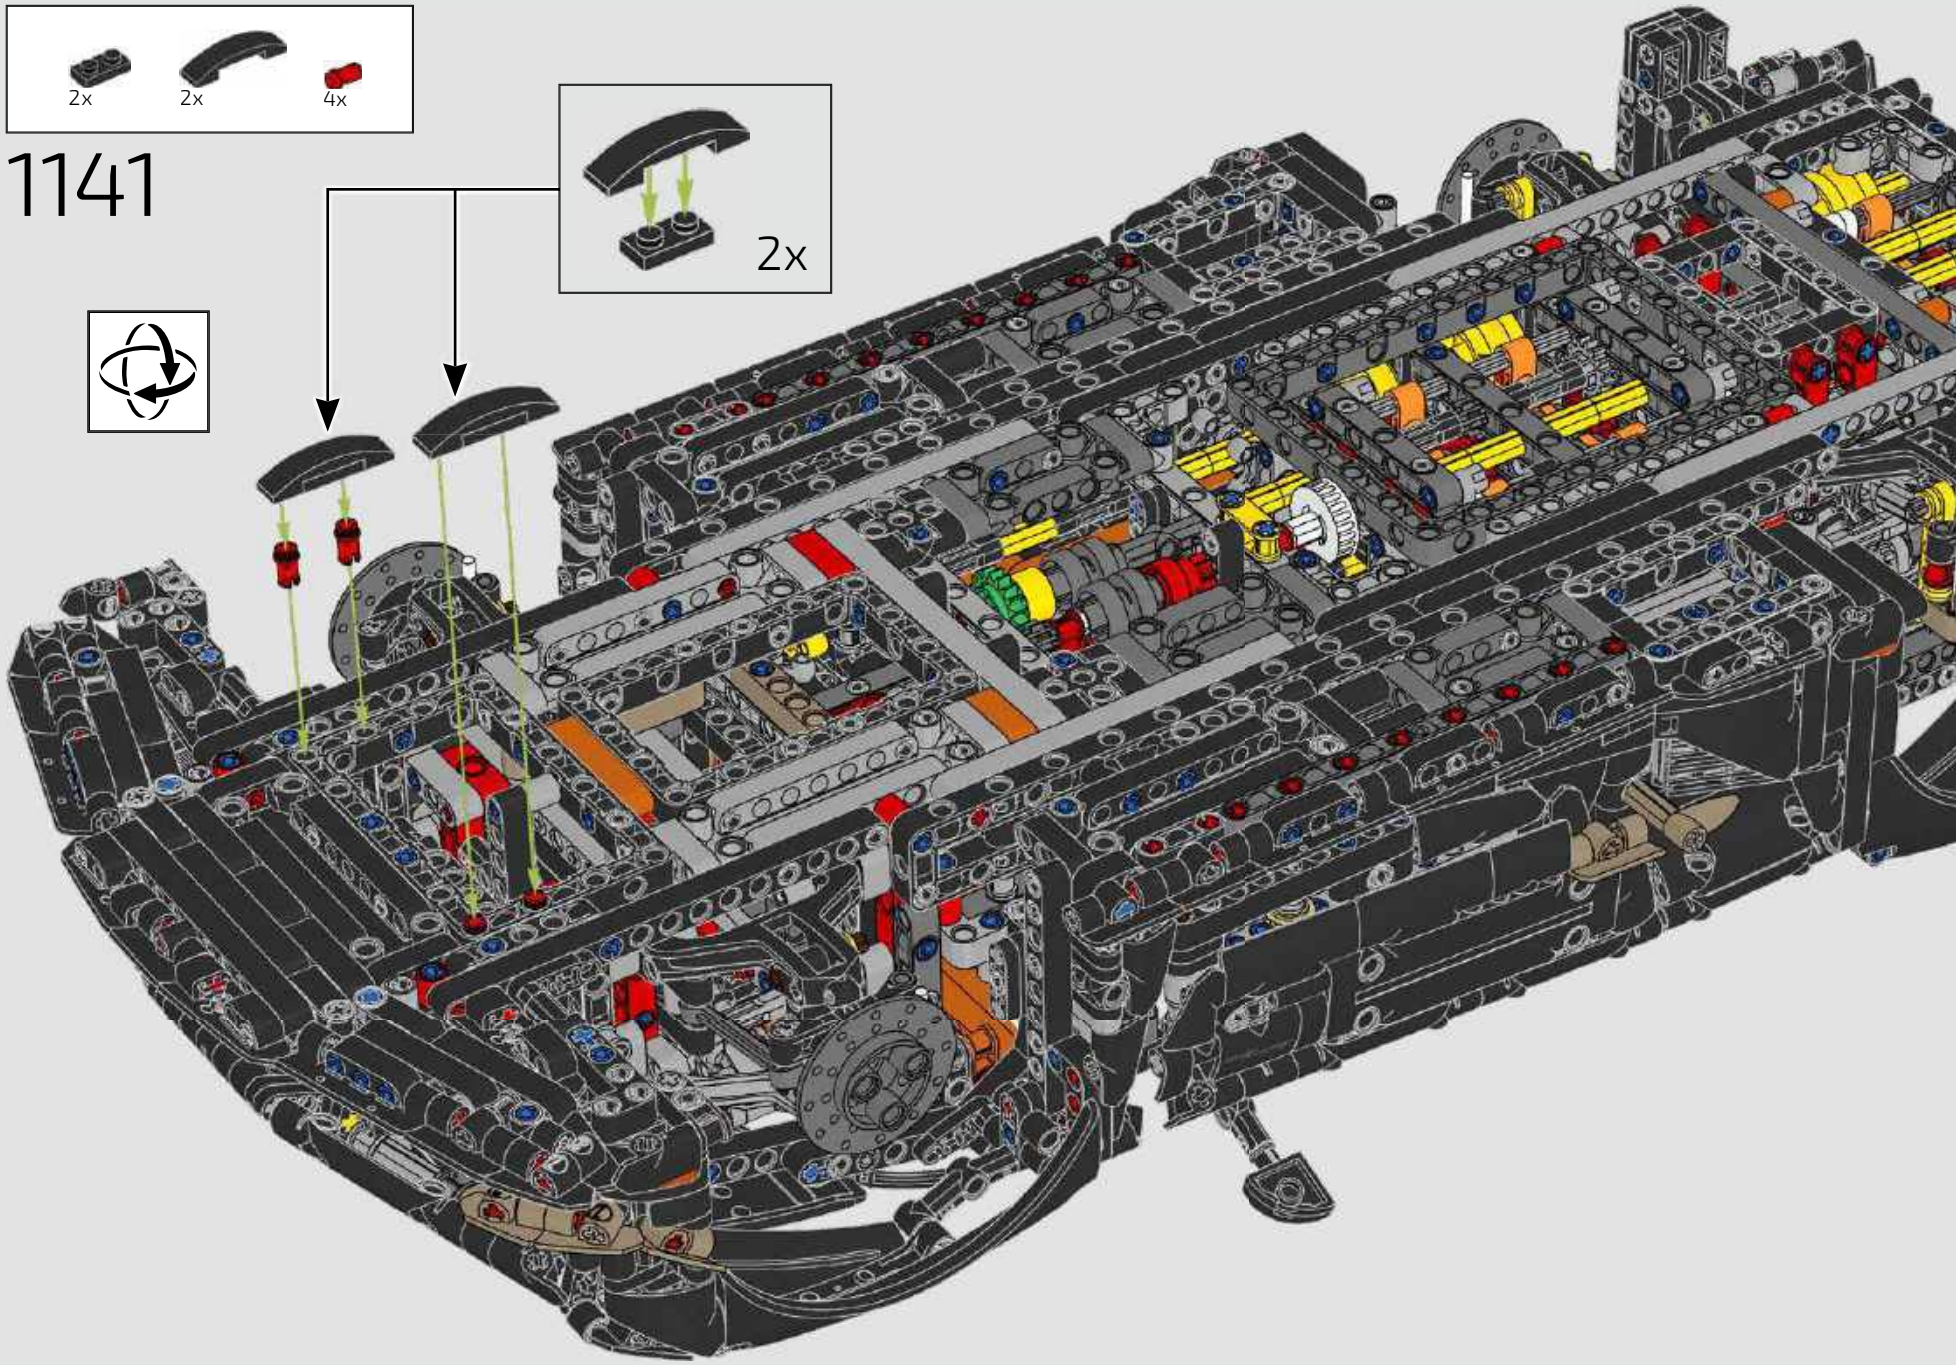

NOUVELLE CONCEPTION DES JANTES

The rims are made specifically for this model (two left and two right), with the design based on the blueprints and 3D CAD files for the real-life rims.

Les jantes sont spécialement conçues pour ce modèle (deux gauches et deux droites), leur conception étant basée sur les plans et les fichiers CAO 3D des jantes réelles.
